

# ACCELERATE

FCSI The Americas • Symposium 2019 • February 5-6

## Why Contribute?

- Brings new faces to the Symposium and shows them the value of attending FCSI programs
- Allows even the small allied firms to support the Symposium
- Allows consulting firms to upgrade the skills and knowledge of their younger members
- Ensures the future of the industry
- Encourages long time members to interact with the next generation of consultants

## Attention Allied Members!

### *Help Contribute to the First Time Attendee Symposium Grants*

The Educational Foundation is generously offering (10) \$250 conference grants for first time Consultant Members to attend the Symposium February 5-6, 2019 in Orlando, Florida. The Symposium Planning Committee is looking for Allied members who are willing to match the \$250 grants to assist a first time attendee with the fees of registration, transportation and lodging.

If your company is willing to match one (or more!) of the Educational Foundation grants, please mail this completed form and your check to the FCSI The Americas headquarters. Please ensure your check is clearly marked for FCSI 2019 First Time Attendee Matching Grant.

Your company will be recognized at the Symposium and one representative will be invited to a special reception Tuesday, February 5 to meet personally with all the grant recipients. That's a great value for \$250.
