is the quarterly print magazine, website, app and weekly e-newsletter for members of Foodservice Consultants Society International (FCSI). The portfolio provides insight, opinion and intelligence for professionals in the foodservice industry globally.
Founded in 1955, Foodservice Consultants Society International (FCSI) is a global leader in foodservice and hospitality consulting. It provides guidance and support to its worldwide membership of over 1,500, working in over 60 countries.

FCSI aims to promote professionalism in the foodservice and hospitality industry by engaging with its members on a regular basis, offering advice and giving them access and insight into the latest news, views and developments shaping this fast-moving sector.

FCSI members are recognized as industry experts, providing specialized knowledge and guidance to their clients based on the latest trends, standards and innovation. They offer a wide range of consulting services to clients across the foodservice and hospitality sector, helping them to achieve lasting excellence in their endeavors.
Every edition of FCSI’s *Foodservice Consultant* includes a number of regular features for which topics and interviewees are planned around the time of production to ensure they are pertinent and timely. These include:

**The Secret Chef:** Our long-time regular columnist has remained anonymous since the start of their ‘Kitchen Confidential’ column. They share fascinating insights and searing viewpoints from the kitchen frontline as they document the travails of running a restaurant today.

**Partnerships:** Collaboration is at the core of the foodservice sector. In this new regular feature we hear from two people from different parts of the industry who have worked together on a business, project or initiative.

**Chef interview:** Interviews with the best and most exciting profiles from the gastronomy world. Previous interviewees include Thomas Keller, Rasmus Kofoed, Ana Ros and Mauro Colagreco.

**The FCSI interview:** Speaking to leading FCSI consultants from around the world who tell us about their career highlights and trajectory.

**Company spotlight:** From the world of foodservice equipment manufacturing, we focus on a leading brand, considering their journey to success, key innovations and how they have thrived.

**Operator profile:** From Firehouse Subs to Uber Eats this is a feature that puts the spotlight on global successful foodservice operators. We hear from key decision-makers on the evolution of their company, main challenges and the secret to their success.

**Project focus:** Showcasing the great work of FCSI foodservice consultants globally. Each edition carries a section with a focus on the design and management of commercial kitchen projects, including all three regions: The Americas, Asia Pacific; and Europe, Africa and Middle East.

**My kitchen:** A feature that shows all the many different kinds of commercial kitchens. In this first-person article, we hear from chefs who speak about their working environment and the challenges particular to their kitchen – previous interviews have featured everything from a tempura restaurant in Tokyo to a prison kitchen in the UK.
**Special supplements**

Supplements produced to provide previews of major industry events, including NAFEM and HostMilano, are printed and distributed to FCSI members, while most of our themed supplements work as an integrated part in the magazine in our Innovation section. These are also published separately on fcsi.org as digital supplements.

Each edition we approach a topic from different perspectives to offer a nuanced consideration of the technologies and trends of the day.

**2024 topics:**

**Q1**
**Cold-side innovation**

A focus on the new technologies and equipment in the cold side of foodservice.

**Q2**
**Bars and beverages**

From cocktails to coffee, what does the industry need to take into account when designing a winning bar facility?

**Q3**
**Hot-side technology**

An overview of the changing picture of cooking equipment for commercial kitchens, considering the drivers of change and how to benefit from new technologies.

**Q4**
**Sustainability**

A perennial and vital topic in foodservice, covered from different angles and viewpoints to produce a picture of sustainable practices.
We launched My Kitchen in FCSI’s Foodservice Consultant magazine more than five years ago as a way to celebrate the vast breadth of kitchen environments that chefs work in - and in turn demonstrate the wide variety of equipment specified by FCSI consultants.

From a street food kitchen in Bangkok and a tempura house in Tokyo to a taqueria in Mexico City, we have interviewed chefs from across the world about their challenges and joys. We have also spoken to chefs managing food preparation in stadia, correctional facilities, fine dining, schools and airports.

My Kitchen – the collection as a special supplement is a celebration of all the wonderful and varied environments that chefs work in, whether cooking for the few or for the many.

The Best of The Secret Chef

Introduced with the launch of FCSI’s Foodservice Consultant in 2013, the secret chef has chronicled life in the restaurant kitchen through the last decade. From discussing the challenges of a cost of living crisis and a global pandemic, to dealing with issues of discrimination and harassment in the kitchen, the columnist – a professional chef who has remained anonymous – has shared erudite observations and lived experiences with searing honesty.

The Best of The Secret Chef will compile all the best moments of the last decade in a challenging and thrilling sector.

Sponsored content in print

Sponsored content editorial pages offer a great opportunity for manufacturers and service providers to give readers a deeper dive into their company, its team, or its cutting-edge products.

The award-winning Foodservice Consultant design team will create engaging and eye-catching pages that expertly showcase special companies doing innovative things that demand to be read by an FCSI Professional member audience.
The FCSI website, fcsi.org, contains a wealth of information for FCSI members and non-members as well as an extensive array of extra content only available online.

The content is categorised by region for relevance and features interviews with FCSI members, operators and industry analysts on a wide range of topics concerning the global foodservice sector. The site features blogs, news and in-depth articles on compelling subjects such as food waste, operator growth and M&A and industry innovation.

The website is supported by Twitter, Facebook, LinkedIn, Google+ and other share functions, enabling members to engage immediately with content while on the go.

Advertising positions on the website include banners and MPUs, while full take-overs of the site are also available.

Foodservice Consultant magazine also has an accompanying downloadable digital version.
TEADS IN-ARTICLE VIDEO

Digital e-newsletter

29%

average open rate

Every week an emailed newsletter, featuring collated stories from the fcsi.org website, is sent to senior decision-makers in international foodservice, including every FCSI professional member.

The e-newsletter rounds up the latest, most interesting stories featured on the site, including news, views and analysis of trends in the sector.

Impactful advertising opportunities

The e-newsletter features a number of advertising positions, including leaderboards, a double MPU and sponsored content opportunities.

As well as the regular weekly e-newsletter, special themed e-newsletters are also mailed on an ad hoc basis. Focusing on subjects such as 'Sustainability', 'Technology' and 'Innovation' these special e-newsletters also contain sponsorship and advertising opportunities.

The e-newsletter is a highly impactful way to promote other digital initiatives such as podcasts or a series of virtual panel discussions, supported by the brand.
Sponsored whitepaper

Comprehensive analysis of a burning industry issue, showcasing sponsors’ expertise to existing and prospective clients. Hosted on the sponsor website. Promoted through FCSI website story, e-newsletter and social. Can also be printed and handed out as sales material.

Lead generation opportunities

The whitepaper is hosted on the sponsor site. Sign-up for the webinar is gated so sponsors are able to collect contact details for all interested parties.

The whitepaper is the sponsor’s intellectual property. It is also possible to promote the whitepaper through other publications.

**FCSI WHITEPAPERS**

Precision holding technology continues to advance, with cutting-edge equipment now able to safely hold hot food to exact temperatures and moisture content for days. The benefits for operators are abundant.

*Striking the right balance in education and foodservice*
